

COCONUT CHIPS – GINGER

Coconuts have been extensively used for cooking in Sri Lanka. Coconut milk and coconut oil are integral part of our day to day life. Recent revolution of coconuts becoming a global health food have pushed producers to find novel ways of using coconut. Then came the coconut chip.

While dehydrated natural and toasted coconut chips continue to increase its market share in the snacks market, novel varieties of flavored both sweetened and spicy varieties of chips are providing a wide array of choices to current consumers who seek healthy snacking options.
